## **WONDERBLY TAKES CHILDREN ON A PERSONALIZED, SEARCH-AND-FIND ADVENTURE WITH *WHERE ARE YOU? A JOURNEY THROUGH TIME***

*New Title Transports Children Across Five Alternate Universes to Save the World*

London, September 18, 2019 – [Wonderbly](#), a publisher of high-quality personalized books, today announced the launch of its newest title, *Where Are You? A Journey Through Time*. In the sequel to the best-selling *Where Are You...?*, children will travel from prehistoric times to the future as they pore over each page of the personalized book to uncover charming challenges and visual jokes.

“We’re really excited to be launching this new title as a follow-up to the first *Where Are You...?*. It’s got a really powerful message, about how any child has the potential to change history,” said David Cadji-Newby, Creative Director of Wonderbly. “Our team puts huge time and effort into every Wonderbly book, as we want children to really believe that they are in the story, and to realize that they can be and do anything imaginable. *Where Are You? A Journey Through Time* is no different. They’ll love seeing themselves as the hero, travelling through time and getting up to all kinds of mischief.”

*Where Are You? A Journey Through Time* provides children with a unique experience as it is personalized to include their name and a character that most resembles them. The story begins when a parallel universe portal arrives at the child’s door with news that a time-travelling pigeon is trying to take over the world and they are the only one who can stop him! They will then be transported to five alternate universes in this brilliantly bonkers search-and-find odyssey to find different versions of themselves throughout time and complete their mission to save the world.

Each double-page spread takes over 100 hours to illustrate and is bursting with vibrant color, curious characters and visual jokes galore. Children will be able to explore their endless potential as they spend hours spotting themselves in this fun, space-hopping book.

*When Are You? A Journey Through Time* is available now for \$29.99 on [Wonderbly.com](#). For additional information on all Wonderbly titles, visit [Wonderbly.com](#) or @Wonderbly on Instagram, Facebook and Twitter.
